

AAOGB 2023

Crazy Quilt Class Supply List

If you are making your own kit here is what you will need.

1 FQ Kona Snow – for your foundation

A variety of scraps in the theme or colorway of your choice. You do NOT need yards of fabric, but you need enough to play and experiment with. Fat eights will work well, and then you can bring more. If you have any fabrics with metallic in it, bits of fancy fabrics such as silk, satin, velvet, Tulle, brocades are all fun additions.

Basic sewing supplies – scissors, ecru/gray sewing thread, hand sewing needles, thimble (if you use one), small ruler i.e., 12”x 1”, pencil or whatever your favorite marker is. **These items are needed by everyone whether you decide to purchase a kit or not.**

Embellishments

Assorted embroidery needles, pkg #22 Chenille needles

A variety of threads, trims, beads, buttons, charms, crystals etc. We only need enough to get started as our time is limited. In other words, you don't need everything! So much of the fun will be in the search after you get started!

Kits cost - \$60

Your kit will include a wide variety of fabrics (including the fancy ones), your foundation fabric, thread, needles, trims etc.

You may choose your colorway or theme for your kit such as – nautical/beachy, Victorian, earthy, bright hues etc. I will try to accommodate your request for colors. I have quite a stash to choose from!

I will also bring some items from my stash for you to use in addition to your kit. I plan to bring plenty of items to sell such as silk ribbons, crazy quilt supplies, fancy fabrics and more! You will have lots of options and we will have plenty of fun!

Class Description

I hope you will join me in the wonderfully creative adventure of crazy quilting. I have found crazy quilting to be a great way to tell a story so when you are planning your block for this class, I'd like you think about what you might say. It might represent a certain person i.e., your mother, your family, a place, your favorite hobby (like quilting), your love of the sea or shore, or even your favorite book. This is an opportunity for you to make something to leave behind. We will spend some time documenting your story as well. So come join me in creating something beautiful as well as meaningful!
